

Tournament Proceeds

The proceeds from this golf tournament will help CareNet Counseling continue to enhance its mission in spiritually integrated counseling in the community and support these important areas of focus:

1. Samaritan Client Assistance—Although many of our clients use their own funds or insurance benefits to pay for counseling, many still remain uninsured or with co-pays and deductibles that they are unable to afford.
2. Therapy for children with post-traumatic stress disorder (PTSD) caused by adverse childhood events such as abuse, bullying or domestic violence.
3. Our elders and their caregivers who are impacted by anxiety and depression.
4. Suicide prevention and ministering to those who may be in suicidal desperation or suffering from the painful results of substance abuse.
5. Mental wellness in the community. Whether it is helping the schools' bullying prevention efforts or sharing tools and education about mental wellness, CareNet Counseling wants to help the community be well and stay well.

CareNet Counseling

Our background

We are a professional, community-based, spiritually-integrated counseling ministry affiliated with Wake Forest Baptist Health. We have over 35 offices located throughout the state of North Carolina and have been an active part of the state behavioral health community for over 40 years!

Our mission

Our mission is to improve the health of the mind, body, spirit and community through spiritually-integrated counseling, psychotherapy, research and education. We help our clients achieve, restore and maintain mental wellness, which improves their overall health.

Uplifting individuals and families when they need support

Our counselors are all N.C. licensed mental health providers with a wide range of educational backgrounds and experience. All have master's level or doctoral degrees.

About Tanglewood Park Golf

The historic Championship Course, host of the 1974 PGA Championship and the Champions Tour Vantage Championship from 1988-2002, has been reopened after a major renovation. The collaborative effort between Robert Trent Jones II and Richard Mandell included completely redesigning, repositioning and restoring all bunkers, converting the greens from bentgrass to Champion Bermudagrass, and creating new play angles and options on many holes.

The changes are outstanding. The updated playability, strategy and picturesque vistas will create a unique and memorable golfing experience.

Participation Levels
